

A Refreshing White Wine Blend

Pronounced “Cha-vello” or “Ka-vello”

Civello is a patio-pounding, summer-loving white wine. Enjoy the blended aromas of white peach, honeysuckle, and fresh citrus. It is not overly dry nor is it overly sweet. It is just right. The blending of several white grape varieties creates sophisticated and playful flavors that surpass those in a simple single-varietal white wine. We don't tell you exactly what is in each blend. Chardonnay is the leading grape. Our grape sourcing is from several different appellations in California.

We like to say that Civello is sexier (more exciting) than Pinot Grigio, naughtier (more entertaining) than Chardonnay, and more refreshing than Sauvignon Blanc.
